- Available in our Selection of Solid Color Vinyl (V), Nylon (NY) or Diamond Ripstop (DRS) See fabrics on pages 37-38.

Be Back Smart...

C

C) Flex Back Apron—Model FB

Features elastic back panels for added comfort and support, with hook and loop fastening flaps that wrap around waist for an adjustable fit. Shoulder pads included.

- **Standard Protection: 0.5mm Pb Equivalency**
- **For Sizing, Protection, Fabrics and Custom Options, refer to Pages 34-40**

E) BRX Back Relief Apron —Model BRX

(Pictured with BRX Belt Option)

The BRX Belt is a brace belt with a unique bionic system designed to help with lower back stress or strain by providing incredible support and comfort. The pulley system cinches the belt. The system and cords are backed by a lifetime warranty. The BRX belt can be adjusted for various body positions and is comfortable when worn outside our x-ray apparel (*may also be used with other apron styles*).*

D) Back Relief Apron—Model BR

Back Relief Apron transfers the weight from the shoulders to the hips with the aid of a 6" wide elastic BR belt or for added support order Model BRX with brace belt. Adjustable back shoulder strap keeps apron snug. Shoulder pads included.*

** Indicate proper belt size from size chart when ordering.*

- **BR** and **BRX** belt may also be ordered separately.

Frontal Aprons

BRX Belt (E)

Belt Model No.	Size	Fits Waist

BRX-M	Medium	30-35" (76.2-88.9cm)
BRX-L	Large	35-40" (88.9-101.6cm)
BRX-XL	XLarge	40-45" (101.6-114.3cm)
BRX-XXL	XXLarge	45-50" (114.3-127cm)
BRX-XXXL	XXXLarge	50-55" (127-139.7cm)

BR Belt (D)

Belt Model No.	Size	Fits Waist
BR-S	Small	28-38" (71.1-96.5cm)
BR-M	Medium	36-48" (91.4-121.9cm)
BR-L	Large	44-58" (111.8-147.3cm)

- **Standard Protection: 0.5mm Pb Equivalency**
- **For Sizing, Protection and Custom Options, refer to Pages 34-40**

Suited for Special Procedures

F

F) Surgical Drop Away Apron—Model SDA

Surgical Drop Away Apron offers top of the shoulder hook and loop fastening flaps for an adjustable fit. Features elastic back panels for added comfort and support. For quick removal, apron releases at shoulder and waist. Shoulder pads included.

- Standard Protection: 0.5mm Pb Equivalency
- For Sizing, Protection, Fabrics and Custom Options, refer to Pages 34-40

**G) Surgical Drop Off Apron
—Model SDO**

Features back criss-cross flaps, with front hook and loop closure that assure easy removal from both over or under the surgical gown without disturbing the sterile field. Shoulder pads included.

• **Standard Protection: 0.5mm Pb Equivalency**

Frontal Aprons

H

**H) Three Quarter Wrap Apron—
Model TQW**

Three Quarter Wrap Apron, especially designed for the fluoro field, features unique side wrap protection with adjustable elastic back panels and hook and loop fastening flaps that wrap around waist for added support and comfortable fit. Apron also includes adjustable padded shoulders.

• Optional QR Buckle Closure available—
Model TQWQR

I) Additional Side Wrap

Apron Width
18-20 - 4" each side
22-24 - 5" each side
27 - 6" each side

• **Standard Protection: 0.5mm Pb Equivalency**
• **For Sizing, Protection, Fabrics and Custom Options, refer to Pages 34-40**

For a Versatile Fit...

J) Versa-Adjustable—Model VA

Features two hook and loop fastening flaps at the waist, which aid in relieving weight off the shoulders. Its comfortable fit is attained by varying the position of the flaps. Shoulder pads included. Comes standard with hook and loop closure.

- Available with optional QR Buckle Closure as shown. **Model VAQR**

K) Adjust a Fit Apron—Model AF

Features two hook and loop fastening flaps at the waist, which aid in relieving weight off the shoulders and includes adjustable padded shoulders. Its comfortable fit is attained by varying the position of the flaps. Shoulder pads included.

- Available with optional QR Buckle Closure. **Model AFQR**

Shown with optional QR Buckle Closure

- **Standard Protection: 0.5mm Pb Equivalency**
- **For Sizing, Protection, Fabrics and Custom Options, refer to Pages 34-40**

Seated Procedure Protection *Model U*

L

M

L) Fast Wrap—Model FW

Fast Wrap Apron offers both comfort and ease of wearing with single hook and loop fastener that wraps around the front. Adjustable back shoulder strap keeps apron snug. Shoulder pads included.

M) Uro-Apron—Model U

Designed for Urology, this apron features a unique tri-flap design for added comfort. Two hook and loop fastening flaps at the waist aid in relieving weight off the shoulders. Shoulder pads included.

- Standard Protection: 0.5mm Pb Equivalency
- For Sizing, Protection, Fabrics and Custom Options, refer to Pages 34-40

Two Pieces to Lighten the Load

A) Full Overlap Vest Skirt—Model FOVS

Designed with two fully overlapping front panels, this vest and skirt combo reduces the weight by approximately 15% over our traditional and Adjust-A-Fit Vest Skirt Combos. Vest features hook and loop closure and shoulder pads for added comfort. For skirt description, refer to Model SO below.

B) Skirt—Model SO *(when ordered separately)*

Skirt wraps around and overlaps in the front, offering extra protection. Fits securely on hips with extra wide hook and loop fastener and 1" quick release* buckle for added support. Comes standard with large side pocket and hanging loops. *2" quick release buckle available upon request.

Interested in Non-Slip Skirt Backing?
See Custom Options page 40.

Vests & Skirts

C) Adjust-A-Fit Vest Skirt—Model AFVS

Adjust-A-Fit Vest Features wrap around protection and adjustable padded shoulders from the arm hole to the top of the shoulder, enabling the user to adjust the vest to a more secure and comfortable fit. Because of the versatility in fit, it accommodates a wide range of wearers. For skirt description, refer to page 8.

D) Vest Skirt Combo—Model VS

Proud holders of the original design and patent. Our standard Vest features all around protection with overlap in the front, shoulder pads and three panel hook and loop closure.

E) Flex Back Vest Skirt--Model FBVS

Flex Back Vest features wrap around protection with flex back support and adjustable hook and loop flaps at the waist and shoulder for added comfort and support, especially during long procedures. Shoulder pads included. For skirt description, refer to page 8.

- For Sizing, Protection, Fabrics and Custom Options, refer to Pages 34-40
- Lighter weight protection options are recommended for all Vest Skirt models.

B

Wrap Around Aprons

A

A) Wrap Around Apron—Model WA

Wrap Around Apron is designed for front and back protection. This apron features extra wide shoulders, distributing weight over a greater area to reduce fatigue and three panel hook and loop fastener. Shoulder pads included.

B) Wrap Around Back Relief Apron—Model WABR

Wrap Around Back Relief Apron offering the same features of our Wrap Around Apron, transfers the weight from the shoulders to the hips with the aid of a 6" wide elastic belt. Comes standard with BR Belt, which may be ordered to fit various sized individuals. Indicate belt size from size chart when ordering. Shoulder pads included. BR Belt may be ordered separately. **(Model BR)**

Adjustable BR Belt Size Chart

Size	Fits Waist
BR-S	28-38" (7.1-96.5cm)
BR-M	36-48" (91.4-121.9cm)
BR-L	44-58" (111.8-147.3cm)

Looking for Extra Back Support?

Order with optional **BRX Belt—Model WABRX**
For more info, refer to page 3

** Lighter Weight Protection Options Recommended*

C) Wrap Around Full Overlap Apron — Model WAFO

Designed with two fully overlapping front panels, this apron reduces the weight by approximately 15% over our traditional Wrap Around model. Features extra wide shoulders, hook and loop fastener and shoulder pads for added comfort.

D) Wrap Around Flex Back—Model WAFB

Features dual wrap elastic flex back with hook and loop side to front flaps while providing front and back protection for an adjustable and secure all around fit. Fits a wide range of sizes. Shoulder pads included.

(Not Pictured) Wrap Around Full Overlap Back Relief Apron – Model WAFOBR

Offering the same features of our Wrap Around Full Overlap Apron, this apron is approximately 15% lighter than our traditional Wrap Around Back Relief model and transfers the weight from the shoulders to the hips with the aid of a 6” wide elastic belt. Comes standard with BR Belt (see opposite page). Indicate belt size from size chart when ordering. BR Belt (Model BR) may also be ordered separately.

Looking for Extra Back Support? Order with optional BRX Belt – Model WAFOBRX (See page 3 for more information)

- For Sizing, Protection, Fabrics and Custom Options, refer to Pages 34-40
- Lighter weight protection options are recommended on all Wrap Around Models

Buckle Yourself In

• No Velcro® • No Hook & Loop • Buckles Only!

A) QR Vest Skirt Combo—Model QRVS

Quick-Release Buckle Vest Skirt features 2" quick release buckles for closure at the chest and waist. Also includes 1" buckle closure at the shoulder for secure fastening. Shoulder pads included.

QR Skirt—Model QRSO (If ordered separately)

Quick-Release Buckle Skirt features a 1" quick release* buckle closure on the inside and overlaps and closes with a 2" quick release buckle on the outside. Includes a large side pocket and hanging loops. *2" quick release buckle available upon request.

Interested in non-slip backing? See custom options page 40

Buckle Aprons

B) Wrap Around Quick-Release Apron—Model WAQR

Wrap Around Quick-Release Apron features extra wide shoulders, distributing weight over a greater area to reduce fatigue. Closing with 2" quick release buckles at the chest and waist and a 1" quick release buckle at the shoulder. Shoulder pads included.

- For Sizing, Protection, Fabrics and Custom Options, refer to pages 34-40
- Lighter weight protection options are recommended for both models.

- **Standard Protection: 0.5mm Pb Equivalency**
- **Royal Blue Nylon in stock for immediate shipment**
- **For Sizing, Protection, Fabrics and Custom Options, refer to Pages 34-40**

D) Leather Lead Gloves—Model 200L

This 15" one-piece, dip-molded lead glove features durable goat skin leather cover and foam liner. Available in pairs or single gloves.

D

Model No.	Color
200L-BLK	Black
200L-F	Fawn

E) Vinyl Lead Gloves—Model 100V

Seamless Lead Vinyl Gloves are a 15" one-piece, dip-molded glove with supple vinyl cover and foam liner. Available in pairs or single gloves. Available with removable, washable Blue Sheath Cotton Cover—Model 100S.

E

Model No.	Color
100V-DKB	Dark Blue
100V-BUR	Burgundy

• Standard Protection: 0.5mm Pb Equivalency

Mitts and Mittens

F) Open Palm Mitts—Model 104OPM

Open Palm Vet Mitt shields the back of the hand and features hook and loop wrist strap closure and elastic loops to secure fingers for quick removal. Covered in Dark Blue Vinyl.

G) Vet Mitts—Model 104VM

Designed for vets as a cost effective solution, the Vet Mitt features wrist slit allowing fingers to exit for freedom of movement during radiography. Contour cut to fit the arm and covered in Royal Blue Nylon. Custom coverings optional.

Standard Protection: 0.5mm Pb Equivalency on all non sterile gloves, mitts & mittens.

Gloves

H) Lead Mittens—Model 101MIT

Lead Mittens are 15" one-piece, dip-molded mitten featuring soft and supple black goat skin leather or blue vinyl cover with foam liner. Provides full hand and palm protection.

Model No.	Color
101MIT	Black Leather
101MIT-BV	Blue Vinyl

I) Slit Lead Mittens—Model 101SLMIT

Slit Mitten features same black leather cover or blue vinyl with foam liner and comes with base of the finger slit allowing for dexterity and hand protection.

Model No.	Color
101SLMIT	Black Leather
101SLMIT-BV	Blue Vinyl

J) Optional Removable Glove Liner

Both glove styles now available with removable washable foam liner. Add (-R) to Model No. when ordering. (example 100V-DKB-R)

Pictured with apron Model ST (see Page 1) with attached Thyroid Collar – Model 600A (see Page 19) and Leather Lead Gloves – Model 200L (opposite page).

Safety in Style

A

A) Ultra Wrap Around Fit-Over—Model 53UFO

Wrap Around Fit-Over eyewear comfortably fits over most conventional prescription eyewear while providing front and side lens protection.

- Front Lenses: 0.75mm Pb Equivalency Optical Lead Glass
- Side Shields: 0.35mm Pb Equivalency Lead Foil

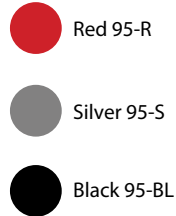

Model No.	Color	Lens Type	Wt. (approx.)
53UFO-B	Black	Plano	92 grams
53UFO-T	Tortoise	Plano	92 grams
53UFO-W	White	Plano	92 grams

B

B) Sport Wrap – Model 95

- Light Weight Unifit Frame
- Wrap Around Design for Added Coverage
- Rubberized Temple Bars & Nose Pads
- Front Lenses: 0.75mm Pb Equivalency
- Optional RX: SV, BI
- Approximate Wt. 71 grams

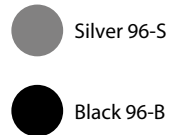

C

C) Ultra Wrap – Model 96

- Unifit Wrap Around Frame
- Rubberized Nose Pads
- Secure Fit Nose Bridge
- Medium to Larger Frame Size
- Front Lenses: 0.75mm Pb Equivalency
- Approximate Wt. 78 grams

D) Hornet—Model 77

Hornet eyewear's popular wrap-around design provides excellent coverage and features foam brow bar for comfortable flexibility and rubber temple tips and nose-pads for non-slip wear. Fitted side shields increase scatter radiation protection. Includes side shield protection.

D

Model No.	Lens Type	Wt. (approx.)
77-O	Plano	66 grams
77-Y	Plano	66 grams

- Front Lenses: 0.75mm Pb Equivalent
- Side Shields: 0.35mm Pb Equivalency Lead Foil
- Optional Rx*: SV—Single Vision and BI—Bifocal

E) Astro Flex—Model 70

Astro Flex eyewear features full field panoramic view with adjustable temple length and frame angle for a uniform fit. Includes side shield protection.

E

Model No.	Lens Type	Wt. (approx.)
70	Plano	89 grams

Eyewear manufactured and inspected by board certified licensed optician. 0.75mm Pb equivalent optical lead glass - 98% attenuation up to 100 kVp. *RX lenses meet minimum 0.75mm Pb equivalency (+/- .08) at 100 kVp.

E) Retro-Way—Model 94

Retro-Way eyewear features the classic wayfarer-inspired black acetate frame equipped with adjustable nose pads, spring hinges and side shield protection.

- Front Lenses: 0.75mm Pb Equivalency
- Optional Side Shields: 0.35mm Pb Equivalency Lead Foil
- Optional Rx*: SV – Single Vision and BI – Bifocal

Model No.	Lens Type	Wt. (approx.)
94	Plano	80 grams

F) Max Fit—Model 97

Max Fit's patented frame design allows for a wide range of prescription lens power. Features a unisex shape, at a slightly smaller size, with soft silicone padding inside the temple bars and nose bridge for added comfort and fit. Includes side shield protection.

- Front Lenses: 0.75mm Pb Equivalency Optical Lead Glass
- Side Shields: 0.35mm Pb Equivalency Lead Foil
- Optional Rx*: SV – Single Vision, BI – Bifocal and TRI – Trifocal

Silver	Black	Red	Blue	Lens Type	Wt. (approx.)

* Rx Lenses meet minimum .075mm Pb Equivalency (+/- .08) at 100k Vp

H) Wrap Around—Model 53

Wrap Around eyewear features comfortable molded wrap styling in durable tortoise nylon frame with uni-fit bridge and leaded side shields for added protection. Provides excellent peripheral visibility. Available Rx* lenses.

Model No.	Lens Type	Wt. (approx.)
53	Plano	90 grams

- Front Lenses: 0.75mm Pb Equivalency
- Side Shields: 0.50mm Pb Equivalency
- Optional Rx*: SV – Single Vision, BI – Bifocal and TRI – Trifocal

H

J)Rad-Tech—Model 57

Rad-Tech eyewear features lightweight design with stainless metal frame, wrap temple and non-slip adjustable nose pads for stylish, yet comfortable fit. Fitted side shields increase scatter radiation protection. Available with Rx* lenses.

- Front Lenses: 0.75mm Pb Equivalency
- Side Shields: 0.35mm Pb Equivalency Lead Foil
- Optional Rx*: SV – Single Vision, BI – Bifocal and TRI – Trifocal

J

Model No.	Lens Type	Wt. (approx.)
57	Plano	68 grams

K) Titanium Oval—Model 55

Titanium Oval eyewear features ultra lightweight composition and adjustable non-slip silicone nose pads for maximum long-wearing comfort. Fitted side shields increase scatter radiation protection. Available with Rx* lenses.

- Front Lenses: 0.75mm Pb Equivalency
- Side Shields: 0.35mm Pb Equivalency Lead Foil
- Optional Rx*: SV – Single Vision, BI – Bifocal and TRI – Trifocal

K

Model No.	Lens Type	Wt. (approx.)

A

B

D

E

D) Combination Apron and Glove Holder—Model 820

Combination Apron and Glove Holder offers quick, convenient storage for an apron and a pair of gloves. Powder coat and chrome steel construction.
 Dims. 27.75"W x 17"H (70.5 cm x 43.2 cm) Wt. 8.5 lbs (3.9 kg)

E) Multi-Apron Glove Rack—Model 821

Multi-Apron Glove Rack is ideal for storing multiple pairs of gloves and aprons. Also has convenient bar to hold thyroid collars. Mounts quickly and easily to any wall and requires a space only 19" wide. Powder coated heavy steel construction.
 Dims. 19"W x 20"H (48.3 cm x 50.8 cm) Wt. 10 lbs (4.5 kg)

C

A) Valet Rack—Model 816

Valet Rack can hold up to 300 lbs of aprons and can fit into any budget. Equipped with heavy duty casters and 10 closed loop hangers, this unit is extremely mobile, allowing aprons, thyroid shield, etc. to be transported easily to workstations. Additional hangers **Model 816H** may be purchased separately.

Dims. 36.5"W x 22.5"D x 53"H (92.7 cm x 57.2 cm x 134.6 cm)

Wt. 36 lbs (16.3 kg)

B) Porta-Rak—Model 817

Porta-Rak is a totally mobile unit for up to 8 aprons and designed for where space is at a premium. Sturdy aluminum five leg base with nylon casters uses only 24" of floor space.

Dims. 24"W x 50"H (61 cm x 127 cm) Wt. 29 lbs (13.2 kg)

C) Mobile Swing Arm Apron Rack – Model 811M

Features steel construction with white powder coating and 10 individual chrome shoulder shape swing arms for easy apron access and hanging. Large locking casters for easy movement. Holds 10 aprons.

Dims: 22"W x 36"D x 53"H (55.9 cm x 91.4 cm x 134.6 cm) Wt. 48 lbs (21.8 kg)

Apron Racks

F

F) Wall Mount Swing Arm Apron Rack—Model 811

Features 5 individual chrome shoulder shape swing arms that fold flush against the wall. Available in right and left folding models. Simply hang two models side-by-side for a 10 hanger wall console unit.

Right Folding **811R** Dims. 27.5"W x 13"H (69.7 cm x 33 cm)

Left Folding **811L** Dims. 27.5"W x 13"H (69.7 cm x 33 cm)

Wt. 10 lbs (4.5 kg)

G

G) Peg Racks—Model 813

Peg Racks are economical for the quick and easy storage of 1-4 aprons. Powder coated steel construction. Easy installation.

813 (Holds 1-4 Aprons) Dims. 24" x 4" (61 cm x 10.2 cm) Wt. 3 lbs (1.4 kg)

813-2 (Holds 1 Apron) Dims. 5" x 4" (12.7 cm x 10.2 cm) Wt. 1.5 lbs (680 g)

H

H) Closed Loop Hanger—Model 816H

Designed for use with the Valet Rack Model 816. Hanger is made of solid steel chrome plated construction.

Width 19" (48.3cm)

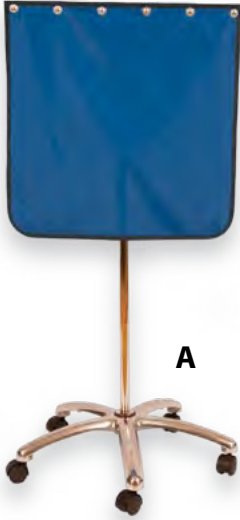

I

I) Heavy Duty Chrome Hanger—Model 200H

Chrome plated, 3/16" steel hanger recommended to protect garments and increase product life. Apron hanger will hold up to 50 lbs (22.7 kg).

Width 21" (53.3cm) Height 10" (25.4cm)

Porta-Shields

A

Model No.	Shield Size: W x L
1001	24x24" (61 x 61cm)
1001-36	24x36" (61 x 91.4cm)
1001-48	24x48" (61 x 121.9cm)

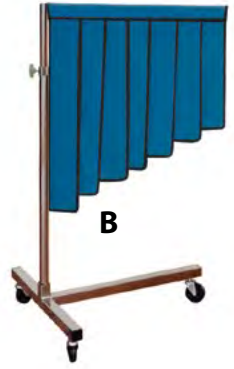

A) Porta-Shield—Model 1001

Porta-Shield is ideal for patient protection during diagnostic procedures and features adjustable height from 36" to 60" (91.4 cm to 152.4 cm) with sturdy five leg base for stable mobility. Shield available in three sizes and covered in Royal Blue Nylon.

• In a hurry? In stock for immediate shipment!

B) Graduated Porta-Shield—Model 1002

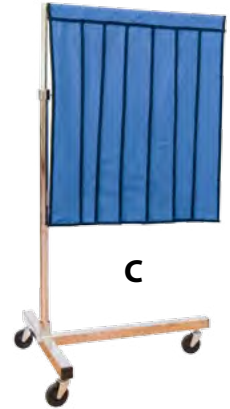

Features seven leaf shield with graduated effect, it fits easily and comfortably over the patient and is perfect for cath lab use. Shield width is 25" (63.5 cm) and length of the longest panel is 28" (71.1 cm), decreasing in increments of 2" (5 cm). Adjustable from 40" to 64" (101.6 cm to 162.6 cm) in height. Covered in Royal Blue Nylon.

B

C) Non Graduated Porta-Shield—Model 1003

Seven leaf shield is ideal for general radiology, as well as fluoro applications. Shield width is 25" (63.5 cm) and length is 28" (71.1 cm). Adjustable from 40" to 64" (101.6 cm to 162.6 cm) in height. Covered in Royal Blue Nylon.

C

***Standard Protection 0.5mm Pb Equivalency**

D

D) Adjustable Mobile Shield—Model 1901

Adjustable Mobile Shield is easily portable and ideal for shielding patients in such procedures as chest, skull and spine radiography. Includes beige anti-microbial webblon covering. Adjustable from 24" to 48" (61 cm to 121.9 cm) in height. Shield Width 24" (61 cm). Chrome frame.

***Standard Protection .05mm Pb Equivalency**

E

E) Drape Lead Curtain—Model DLC

Drape Lead Curtains, ceiling mounted with optional curtain track, are an ideal and economical solution for temporary or permanent set-ups requiring radiation protection where a fixed, protective wall is not practical. Curtain sections easily hang and fasten together to cover large areas.

* Maximum width per single panel is 40" (101.6 cm)

** Allow 2" (5 cm) overlap for multiple curtain panels.

Lead Vinyl Sheeting

Coated Lead Vinyl Sheeting drapes readily for on the job applications wherever flexible lead sheeting is required and is offered in a variety of lead equivalencies. Sold in sheet size (48" x 96" / 121.9 cm x 243.8 cm) or cut to specifications. Cutting charge may apply. Color: Beige

Model No.	Pb Equivalency
901	0.25mm
902	0.5mm
903	1.0mm

(Black available for technical applications, subject to full sheet or volume ordering.)

Shields & Blockers

SHIELDING^{INC.} INTERNATIONAL

X-Curtains

Shielding's X-Curtains are manufactured specific to the needs of our customers' exclusive cabinet x-ray system engineering, color and protection (lead Pb equivalency) level requirements.

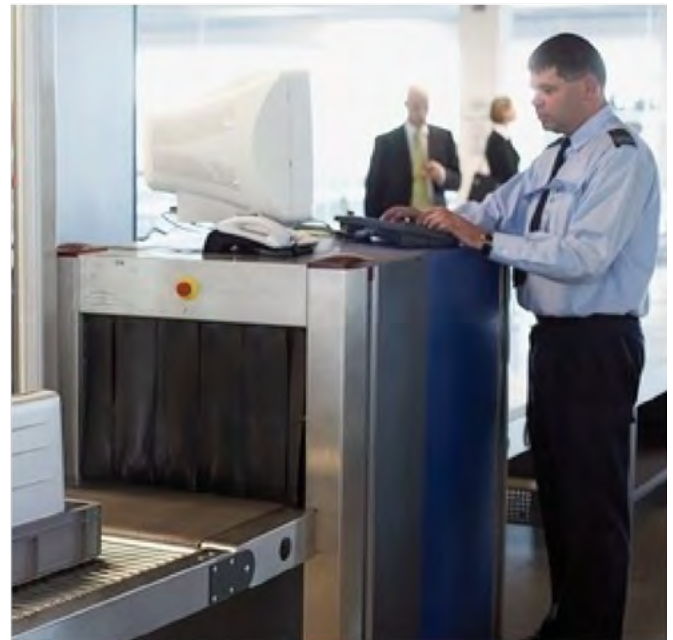

* Standard X-Curtain (Model: **XCURTAIN**) features durable dual sided PVC vinyl outer covering impregnated with leaded vinyl.

* Shielding's Specialty Curtain (Model: **XCURTAIN/SC**) features low coefficient outer coating with mesh scrim reinforcer impregnated with leaded vinyl, making this product preferable to applications that are processing lighter weight items (i.e., purses, wallets, jackets, etc.).

Features:

Lead Equivalencies: 0.25, 0.35, 0.5, 0.7 and 1.0mm, depending on level of protection and type of X-Curtain. Alternate equivalencies may be manufactured, but require a minimum. Outer Covering: Model **XCURTAIN** available in black, charcoal grey or beige. Model **XCURTAIN/SC** in black only.

Dimensions: Available in sheet size (48" x 96" / 121.9 cm x 243.8 cm) or custom die cut to your engineering specification.

CT Shields

A) CT Breast Shields offer up to a 57% reduction of radiation exposure during CT scan without significant changes in image quality, including artifacts and beam hardening effects. Shield consists of a thin (1mm) piece of bismuth impregnated synthetic rubber covering that mounts firmly on an offset quarter inch foam base. Designed for multiple uses. Available in Adult and Pediatric sizes.

Model No.	Adult Size	Quantity
CT-BS-M	Medium	1 each
CT-BS-L	Large	1 each
CT-BS-COV	Disposable Cover	10 pack

Model No.	Pediatric Size	Quantity
CT-PBS-N	Neonate	10 pack
CT-BPS-1	1 Year Old	8 pack
CT-BPS-5	5 Year Old	6 pack
CT-BPS-10	10 Year Old	4 pack

B) CT Eye Shields, designed for use in head and facial CT scans, mold over the nasal bridge with the eye shield portions laying flat over the patient's closed eyes allowing for about 50% dose savings to the eye lens. Shield consists of a single piece thin (1mm) layer of bismuth impregnated synthetic rubber with adhesive back strip to ensure a tight seal with minimal air gaps. Intended as a single use product to prevent against potential biological contamination. Model No. **CT-ES** (20 pack)

C) CT Thyroid Shields, when used for the soft tissues of the neck, offer a 60% dose savings to the radiosensitive thyroid gland during CT procedures. Shield consists of a thin (1mm) piece of bismuth impregnated synthetic rubber and features a curved notch in the center to ensure proper positioning. Lateral bow ties are also attached to the interior flaps of the shield to accommodate larger necks or larger thyroid glands that extend beyond the clavicle or sternum. Adhesive back holds the shield firmly in place as patient breathes and swallows. Model No. **CT-TS** (10 pack)

Immobilization Sand Bags and Table Scatter Shields

A) Cervical Sandbag Set – Model CSS1012

10" x 12" (25.4 cm x 30.5 cm) 10 lbs (4.5 kg)

B) Angiographic Sandbag Set— Model ASS712

7" x 12" (17.8 cm x 30.5 cm) 7 lbs (3.2 kg)

Model ASS712-G

C) General Sandbags come with grommets. If grommets are not desired, omit (-G) from the Model No. (i.e. GS612).

Model No.	GS612-G	GS810-G	GS618-G	GS716-G

(See chart for sizes)

Table Scatter Shield—Model TSS-Custom

Custom table scatter shield features a dual or single sided saddle back design, allowing a secure fit to any style imaging table. The overlapping paneled shields are secured to a padded surface that simply drape over the tabletop, beneath the mattress. Single sided shields include self adhesive hook and loop for securing to table.

- Pleated lead panels enable staff and c-arm mobility
- Customized to specific table dimensions, panel lengths, or to include table end flaps
- Constructed of 0.5mm Pb equivalent panels
- Select from our wide range of solid color nylons, or our durable anti-microbial healthcare webblon coverings.

Scatter Panel Shields – Model SPS-Custom

Scatter Panel Shield replacements for various OEM fluoro table shield assemblies.

- Customizable to Specific Panel Size
- Constructed of 0.5mm Pb Equivalent Panels
- Select from Our Durable Anti-Microbial Healthcare Webblon Coverings.

Mobile Barriers

Regular and Jumbo Clear Pb Barriers

Clear Pb Acrylic Mobile X-Ray Barriers feature optically clear and shatter resistant lead acrylic windows. Available in Regular and Jumbo size, as well as a variety of sizes for shielding 1, 2 or more people. Opaque lower panels finished in beige. Attractive, durable, easy to assemble and maneuver.

Leaded Windows and Frames

Leaded Glass Windows are made of high quality optical grade material, offering excellent radiation protection and superb visual clarity. Available in custom sizes up to 48" x 96". *(LG = Lead Glass). For cost effectiveness, refer to standard sizes in chart at bottom of page.

Lead Equivalent	Thickness	X-Ray Peak Voltage
1.6 – 2.0mm (1/16" – 5/16")	7 – 9mm	150 kVp

Leaded Acrylic Windows feature 0.3mm or 0.5mm lead equivalency, as well as alternate equivalencies up to 2.0mm. Refer to chart for stock sizes. *(LA = Lead Acrylic). Custom sizes also available.

Telescopic Lead Frames are manufactured for ease of installation in rough opening after wallboard is installed. Constructed from 16 gauge "JETCOAT" (HGDS) steel for rust resistance with paintable surface and fully lined with 1/16" lead lining. Adjusts for walls 4-1/4" (10.8 cm) to 7" (17.8 cm) thick. Fits into rough opening of 1" larger than glass size. *(LF = Lead Frame).

Lead Glass/Acrylic and Frames Sold Separately*

FABRIC AND BINDING EXCEPTIONS

Fabric and binding colors are approximate representations of actual colors/patterns available. Economy aprons (**Model E**) are available in Vinyl (**V**), Nylon (**NY**) or Diamond Ripstop (**DRS**) only. Diamond Ripstop (**DRS**) and Designer Fabrics (**DF**) feature a black nylon inside cover and black binding. Weblon (**W**) aprons feature a black or corresponding inside nylon cover. Black binding is standard on most apparel, except for royal binding on royal nylon and light blue vinyl, unless otherwise indicated from binding selection at time of order. Two tone coverings subject to up charge. To avoid snagging or tearing of fabric, all hook and loop fasteners must be secured properly.

Manufacturing and Delivery Time:

Stock **SHIELDING INTERNATIONAL™** products ordered with select stock coverings and closures will usually be shipped within 24-48 hours of order receipt. These items include Economy & Standard Aprons, Half & Demi Aprons, Thyroid Collars, Gonad Shields, Gloves, Apron Racks, Mobile Shields, CT Shields, Non Rx Glasses and other select items. We will make every effort to ship all other custom made orders, with exception of high volume and special orders (ie., prescription glasses, lead or acrylic glass or frames and barriers) within 10 to 12 working days of confirmed order.

- Need it in a rush? **SHIELDING INTERNATIONAL™** offers a 3-day RUSH SERVICE for 15% on total cost of order or a 5 day RUSH SERVICE for 10% of the total cost. (min. \$10.00 rush fee per order). Contact us regarding large quantity rush orders to verify this service.

Shipping:

Orders are normally shipped with a leading major transportation carrier via ground service, unless otherwise specified, and ship F.O.B. Madras, Oregon or from a predetermined special order location(s).

- IMPORTANT: Be sure to inspect all merchandise at time of delivery, report any damage immediately, note any discrepancies on the Bill of Lading (if applicable) and RETAIN ALL PACKAGING MATERIAL (whether damage is visible or concealed) in the event a claim is filed due to shipping damage.

Apron Care & Guidelines:

To maintain safe performance, as well as keep your x-ray apparel looking good for many years to come, **SHIELDING INTERNATIONAL™** strongly recommends that each garment be thoroughly inspected upon receipt and at regular intervals, as well as properly stored when not in use. Each piece of **SHIELDING INTERNATIONAL™** apparel is accompanied by an Apron Care & Guideline sheet for guidance in inspection and proper care of our products.

- STORAGE: Don't fold, crease, drape or sit down in your SHIELDING garments. We strongly recommend that our aprons be hung on a SHIELDING heavy duty chrome hanger (Item# 200H) or equivalent, not on a hook.
- Hook and loop closures must be secured properly to avoid snagging or tearing of fabric. Always store apron with hook and loop closed.

Failure to properly care for your apron may result in harm to the apron, as well as void its warranty.

Guarantee & Warranty Disclaimer

SHIELDING INTERNATIONAL™ warrants all **Regular Lead and TL Lite Ply** x-ray protective aprons from material defects and workmanship for a period of (2) years from date of purchase. *(Non Lead aprons are limited to a 1 year warranty.)* This guarantee is limited to the repair or replacement of the garment in case of manufacturer defect. The guarantee does not cover normal wear and tear, failure to properly care for the product, or any other responsibility.

Apron Recycling Program:

Take advantage of **SHIELDING INTERNATIONAL™**'s free apron recycling program for the return/recycle of your retired lead aprons! Simply contact us for a return authorization to arrange for the recycling of your old aprons. All you pay is the freight and **SHIELDING INTERNATIONAL™** will assure the safe and environmentally friendly disposal of your old lead aprons.
